

North Ridgeville Parks and Recreation Department Presents: Dog Training Courses

The Puppy and Beginner Sessions are introductory training classes. The puppies' class is for puppies up to six (6) months of age and the Beginner Class is for dogs and puppies older than six months. These will concentrate on basic obedience including sit, stay, down, and come. Socialization with people and other dogs will be an integral part of this class as well as review of health, grooming and nutrition tips. Correcting unwanted behaviors including jumping, barking, pulling on leash, chewing, and housebreaking are covered. The Intermediate Class is for dogs with prior introductory training, and focuses on dog obedience in a public setting. This training will involve dealing with common distractions such as meeting strangers, other dogs, crowded areas and noise. All pet owners must produce proof of current vaccinations for their pet at the first class. For more information please contact Marie – Josee Gatian at 216-224-2712.
