When applicable, the LPA shall enter into a utility relocation agreement with each utility prior to the letting of construction. 7.2 Any use of sole source or proprietary bid items must be approved by the applicable ODOT district. All sole source or proprietary bid items shall be brought to the attention of the LPA Coordinator as soon as possible so as not to cause a delay in the plan package submission process. Bid items for traffic signal and highway lighting projects must be in conformance with ODOT's Traffic Engineering Manual.

7.3 Once the LPA receives Federal authorization to advertise, the LPA may begin advertising activities. Whenever local advertisement requirements differ from Federal advertisement requirements, the Federal requirements shall prevail. The period between the first legal advertising date and the bid opening date shall be a minimum of twenty-one (21) calendar days. The LPA shall submit to ODOT any addendum to be issued during the advertisement period that changes estimates or materials. ODOT shall review and approve such addendum for project eligibility. All addenda shall be distributed to all potential bidders prior to opening bids and selling the contracts.

Revision Date 3/26/2020
7.4 The LPA must incorporate ODOT's LPA Bid Template in its bid documents. The template includes—Form FHWA-1273, Required Contract Provisions, a set of contract provisions and proposal notices that are required by regulations promulgated by the FHWA and other Federal agencies, which must be included in all contracts as well as appropriate subcontracts and purchase orders.

7.5 The LPA shall require the contractor to be enrolled in, and maintain good standing in, the Ohio Bureau of Workers' Compensation Drug-Free Safety Program (DFSP), or a similar program approved by the Bureau of Workers' Compensation, and the LPA must require the same of any of its subcontractors.

7.6 Only pre-qualified contractors are eligible to submit bids for this PROJECT. Pre-qualification status must be in effect/current at the time of award. For work types that ODOT does not pre-qualify, the LPA must still select a qualified contractor. Subcontractors are not subject to the pre-qualification requirement. In accordance with FHWA Form 1273 Section VII and 23 CFR 635.116, the "prime" contractor must perform no less than 30 percent of the total original contract price. The 30-percent prime requirement does not apply to design-build contracts.

7.7 In accordance with ORC Section 153.54, et. seq., the LPA shall require that the selected contractor provide a performance and payment bond in an amount equal to at least 100 percent of its contract price as security for the faithful performance of its contract. ODOT shall be named an obligee on any bond. If the LPA has 100 percent locally-funded work product within this Agreement, the LPA shall allocate the correct percent of the performance and payment bond cost to the 100 percent locally-funded work product.

7.8 Before awarding a contract to the selected contractor, the LPA shall verify that the contractor is not subject to a finding for recovery under ORC Section 9.24, that the contractor has taken the appropriate remedial steps required under ORC Section 9.24, or that the contractor otherwise qualifies under the exceptions to this section. Findings for recovery can be viewed on the Auditor of State's website at https://ohioauditor.gov/findings.html. If the LPA fails to so verify, ODOT may immediately terminate this Agreement and release all Federal funding commitments.

7.9 Before awarding a contract to the selected contractor, the LPA shall verify that the contractor is an active registrant on the Federal System for Award Management (SAM). Pursuant to 48 CFR 9.404, contractors that have an active exclusion on SAM are excluded from receiving Federal contracts, certain subcontracts, and certain Federal financial and nonfinancial assistance and benefits. If the LPA fails to so verify, ODOT may immediately terminate this Agreement and release all federal funding commitments.

7.10 The LPA is prohibited from imposing any geographical hiring preference on any bidder in the LPA's bid documents or on any successful contractor in the LPA's award or contract for the construction of the PROJECT.

7.11 After analyzing all bids for completeness, accuracy, and responsiveness, per ORC 153.12, the LPA shall approve the award of the contract in accordance with laws and policies governing the LPA within 60 days after bid opening. Within 45 days of that approval, the LPA shall submit to ODOT notification of the project award by submitting a bid tabulation, a copy of the ordinance or resolution, and direct payment information as required in Attachment 2 of this Agreement, if applicable.

8. CONSTRUCTION CONTRACT ADMINISTRATION

8.1 The LPA shall provide and maintain competent and adequate project management covering the supervision and inspection of the development and construction of the PROJECT. The LPA shall bear the responsibility of ensuring that construction conforms to the approved plans, surveys,
profiles, cross sections and material specifications. If a consultant is used for engineering and/or inspection activities, the LPA must use a QBS process as required pursuant to ORC sections 153.65 through 153.71. Any construction contract administration or engineering costs incurred by the LPA or their consultant prior to the construction contract award date will not be eligible for reimbursement under this Agreement.

8.2 The LPA must maintain a project daily diary that is up-to-date and contains the following information: all work performed, list of equipment utilized, project personnel and hours worked, pay quantities, daily weather conditions, special notes and instructions to the contractor, and any unusual events occurring on or adjacent to the PROJECT. Additionally, the LPA is responsible for documenting measurements, calculations, material quality, quantity, and basis for payment; change orders, claims, testing and results, traffic inspections, plan changes, prevailing wage, EEO and DBE, if applicable. The LPA is responsible for ensuring all materials incorporated into the PROJECT comply with ODOT's Construction and Material Specifications and meet the requirements of Appendix J in the LATP Manual of Procedures.

8.3 The LPA shall certify both the quantity and quality of material used, the quality of the work performed, and the amount of construction engineering cost, when applicable, incurred by the LPA for the eligible work on the PROJECT, as well as at the completion of construction. The LPA shall certify that the construction is in accordance with the approved plans, surveys, profiles, cross sections and material specifications or approved amendments thereto.

8.4 The Federal-aid Highway Program operates on a reimbursement basis, which requires that costs actually be incurred and paid before a request is made for reimbursement. The LPA shall review and/or approve all invoices prior to payment and prior to requesting reimbursement from ODOT for work performed on the PROJECT. If the LPA requests reimbursement, it must provide documentation of payment for the project costs requested. The LPA shall ensure the accuracy of any invoice in both amount and in relation to the progress made on the PROJECT. The LPA must submit to ODOT a written request for either current payment or reimbursement of the Federal/State share of the expenses involved, attaching copies of all source documentation associated with pending invoices or paid costs. To assure prompt payment, the measurement of quantities and the recording for payment should be performed on a daily basis as the items of work are completed and accepted.

8.5 ODOT shall pay, or reimburse, the LPA or, at the request of the LPA and with concurrence of ODOT, pay directly to the LPA's construction contractor ("Contractor"), the eligible items of expense in accordance with the cost-sharing provisions of this Agreement. If the LPA requests to have the Contractor paid directly, Attachment 2 to this Agreement shall be completed and submitted with the project bid tabulations, and the Contractor shall be required to establish Electronic Funds Transfer with the State of Ohio. ODOT shall pay the Contractor or reimburse the LPA within thirty (30) days of receipt of the approved Contractor's invoice from the LPA.

8.6 The LPA shall notify ODOT of the filing of any mechanic's liens against the LPA's Contractor within three (3) business days of receipt of notice of lien. Failure to so notify ODOT or failure to process a mechanic's lien in accordance with the provisions of Chapter 1311 of the ORC may result in the termination of this Agreement. Upon the receipt of notice of a mechanic's lien, ODOT reserves the right to (1) withhold an amount of money equal to the amount of the lien that may be due and owing to either the LPA or the Contractor; (2) terminate direct payment to the affected Contractor; or (3) take both actions, until such time as the lien is resolved.
8.7 Payment or reimbursement to the LPA shall be submitted to:

Daniel A. Rodriguez, P.E., City Engineer  
7307 Avon Belden Road  
North Ridgeville, Ohio 44039  
440-353-0542

8.8 If, for any reason, the LPA contemplates suspending or terminating the contract of the Contractor, it shall first seek ODOT's written approval. Failure to timely notify ODOT of any contemplated suspension or termination, or failure to obtain written approval from ODOT prior to suspension or termination, may result in ODOT terminating this Agreement and ceasing all Federal funding commitments.

8.9 If ODOT approves any suspension or termination of the contract, ODOT reserves the right to amend its funding commitment in paragraph 3.1 and, if necessary, unilaterally modify any other term of this Agreement in order to preserve its Federal mandate. Upon request, the LPA agrees to assign all rights, title, and interests in its contract with the Contractor to ODOT to allow ODOT to direct additional or corrective work, recover damages due to errors or omissions, and to exercise all other contractual rights and remedies afforded by law or equity.

8.10 Any LPA right, claim, interest, and/or right of action, whether contingent or vested, arising out of, or related to any contract entered into by the LPA for the work to be performed by the Contractor on this PROJECT (the Claim), may be subrogated to ODOT, and ODOT shall have all of the LPA’s rights in/to the Claim and against any other person(s) or entity(ies) against which such subrogation rights may be enforced. The LPA shall immediately notify ODOT in writing of any Claim. The LPA further authorizes ODOT to sue, compromise, or settle any such Claim. It is the intent of the parties that ODOT be fully substituted for the LPA and subrogated to all of the LPA’s rights to recover under such Claim(s). The LPA agrees to cooperate with reasonable requests from ODOT for assistance in pursuing any action on the subrogated Claim including requests for information and/or documents and/or to testify.

8.11 After completion of the PROJECT, and in accordance with Title 23 United States Code 116 and applicable provisions of the ORC, the LPA shall maintain the PROJECT to design standards and provide adequate maintenance activities for the PROJECT, unless otherwise agreed to by ODOT. The PROJECT must remain under public ownership and authority for 20 years unless otherwise agreed to by ODOT. If the PROJECT is not being adequately maintained, ODOT shall notify the LPA of any deficiencies, and if the maintenance deficiencies are not corrected within a reasonable amount of time, ODOT may determine that the LPA is no longer eligible for future participation in any Federally-funded programs.

8.12 The LPA must provide the final invoices, and final report (Appendix P located in the Construction Chapter of the LPA Manual) along with all necessary closeout documentation within 6 months of the physical completion date of the PROJECT. All costs must be submitted within 6 months of the established completion date. Failure to submit final invoices along with the necessary closeout documentation within the 6-month period may result in closeout of the PROJECT and loss of eligibility of any remaining Federal and/or State funds.

9. CERTIFICATION AND RECAPTURE OF FUNDS

9.1 This Agreement is subject to the determination by ODOT that sufficient funds have been appropriated by the Ohio General Assembly to the State for the purpose of this Agreement and to the certification of funds by the Office of Budget and Management, as required by ORC section 126.07. If ODOT determines that sufficient funds have not been appropriated for the purpose of this Agreement or if the Office of Budget and Management fails to certify the availability of funds, this Agreement or any renewal thereof will terminate on the date funding expires.
9.2 Unless otherwise directed by ODOT, if for any reason the PROJECT is not completed in its entirety or to a degree acceptable to ODOT and FHWA, the LPA shall repay to ODOT an amount equal to the total funds ODOT disbursed on behalf of the PROJECT. In turn, ODOT shall reimburse FHWA an amount equal to the total sum of Federal dollars it has received for the PROJECT. If the LPA has not repaid ODOT in full an amount equal to the total funds ODOT disbursed on behalf of the PROJECT, any funds recovered from the performance and payment bond as required under section 7.7 shall be used to offset the Federal dollars reimbursed to FHWA.

10. NONDISCRIMINATION

10.1 In carrying out this Agreement, the LPA shall not discriminate against any employee or applicant for employment because of race, religion, color, sex (including pregnancy, gender identity and sexual orientation), national origin, ancestry, age, disability as that term is defined in the American with Disabilities Act, military status (past, present, or future), or genetic information. The LPA shall ensure that applicants are hired and that employees are treated during employment without regard to their race, religion, color, sex (including pregnancy, gender identity and sexual orientation), national origin, ancestry, age, disability, military status, or genetic information. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

10.2 The LPA agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause, and in all solicitations or advertisements for employees placed by it, state that all qualified applicants shall receive consideration for employment without regard to race, religion, color, sex (including pregnancy, gender identity and sexual orientation), national origin, ancestry, age, disability, military status, or genetic information. The LPA shall incorporate this nondiscrimination requirement within all of its contracts for any of the work on the PROJECT (other than subcontracts for standard commercial supplies or raw materials) and shall require all of its contractors to incorporate such requirements in all subcontracts for any part of such project work.

10.3 The LPA shall ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, will have an equal opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided in conjunction with this Agreement. To meet this requirement, subcontractors who claim to be DBEs must be certified by ODOT. The LPA shall require that all contracts and other agreements it enters into for the performance of the PROJECT contain the following specific language:

Disadvantaged Business Enterprise (DBE) Requirement. DBE participation goals (subcontracts, materials, supplies) have been set on this PROJECT for those certified as DBEs pursuant to Title 23, U.S.C. section 140(c) and 49 CFR, Part 26, and where applicable qualified to bid with ODOT under Chapter 5525 of the ORC.

ODOT shall supply the percentage goal to the LPA upon review of the Engineer's Estimate. Prior to executing the contract with the contractor, and in order for ODOT to encumber the Federal/State funds, the contractor must demonstrate compliance with the DBE Utilization Plan and Good Faith Efforts requirements.

GOOD FAITH EFFORTS (GFEs)

In the event that the DBE contract goal established by ODOT is not met on a project, the Contractor shall demonstrate that it made adequate good faith efforts to meet the goal, even though it did not succeed in obtaining enough DBE participation to do so.
The Contractor shall demonstrate its GFEs by submitting information including but not limited to the following to the LPA:

1. All written quotes received from certified DBE firms;
2. All written (including email) communications between the Contractor and DBE firms;
3. All written solicitations to DBE firms, even if unsuccessful;
4. Copies of each non-DBE quote when a non-DBE was selected over a DBE for work on the contract;
5. Phone logs of communications with DBE firms.

The LPA will send the GFE documentation including their recommendation to ODOT at the following address:

Office of Small & Disadvantaged Business Enterprise
The Ohio Department of Transportation
1980 West Broad Street, Mail Stop 3270
Columbus, Ohio 43223

ODOT shall utilize the guidance set forth in 49 CFR §26.53 Appendix A in determining whether the Contractor has made adequate good faith efforts to meet the goal. ODOT will review the GFE documentation and the LPA’s recommendation and issue a written determination on whether adequate GFEs have been demonstrated by the Contractor.

The Contractor may request administrative reconsideration within two (2) days of being informed that it did not perform a GFE. The Contractor must make this request in writing to the following official:

Ohio Department of Transportation
Division of Chief Legal Counsel
1980 West Broad Street, Mail Stop 1500
Columbus, Ohio 43223

The reconsideration official will not have played any role in the original determination that the Contractor did not document sufficient good faith effort.

As part of this reconsideration, the Contractor will have the opportunity to provide written documentation or an argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. ODOT will send the Contractor a written decision on reconsideration explaining the basis for finding that the Contractor did or did not meet the goal or make adequate good faith efforts. The result of the reconsideration process is not administratively appealable.

ODOT may issue sanctions if the Contractor fails to comply with the contract requirements and/or fails to demonstrate the necessary good faith effort. ODOT may impose any of the following sanctions:

(a) letter of reprimand;
(b) contract termination; and/or
(c) other remedies available by law including administrative suspension.

Factors to be considered in issuing sanctions include, but are not limited to:

(a) the magnitude and the type of offense;
(b) the degree of the Consultant's culpability;
(c) any steps taken to rectify the situation;
the Contractor's record of performance on other projects including, but not limited to:

(1) annual DBE participation over DBE goals;
(2) annual DBE participation on projects without goals;
(3) number of complaints ODOT has received from DBEs regarding the Contractor; and,
(4) the number of times the Contractor has been previously sanctioned by ODOT; and,

Whether the Contractor falsified, misrepresented, or withheld information.

10.4 During the performance of this contract, the LPA, for itself, its assignees and successors in interest agrees as follows:

(a) **Compliance with Regulations**: The LPA will comply with the regulations relative to nondiscrimination in Federally-assisted programs of the United States Department of Transportation (hereinafter "U.S. DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the "Regulations"), which are herein incorporated by reference and made a part of this contract.

In addition, the LPA will comply with the provisions of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act, FHWA Guidance, and any other Federal, State, and/or local laws, rules and/or regulations (hereinafter referred to as 'ADA/504').

(b) **Nondiscrimination**: The LPA, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin, sex (including pregnancy, gender identification and sexual orientation), age, disability, low-income status or limited English proficiency in the selection and retention of contractors or subcontractors, including procurements of materials and leases of equipment. The LPA will not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations, as well as the ADA/504 regulations.

(c) **Solicitations for Contractors or Subcontractors, including Procurement of Materials and Equipment**: In all solicitations either by competitive bidding or negotiation made by the LPA for work to be performed under a contract or subcontract, including procurements of materials or leases of equipment, each potential contractor, subcontractor, or supplier will be notified by the LPA of the LPA's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, national origin, sex (including pregnancy, gender identification and sexual orientation), age, disability, low-income status or limited English proficiency.

(d) **Information and Reports**: The LPA will provide all information and reports required by the Regulations or directives issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the STATE or FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of the LPA is in the exclusive possession of another who fails or refuses to furnish this information, the LPA will so certify to the STATE or FHWA, as appropriate, and will set forth what efforts it has made to obtain the information.

(e) **Sanctions for Noncompliance**: In the event of the LPA's noncompliance with the nondiscrimination provisions of this contract, the STATE will impose such contract sanctions as it or FHWA may determine to be appropriate, including, but not limited to:

(1) withholding of payments to the LPA under the contract until the LPA complies,
and/or
(2) cancellation, termination or suspension of the contract, in whole or in part.
(f) **Incorporation of Provisions**: The LPA will include the provisions of paragraphs 10.4 (a) through (e) above in every contract or subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The LPA will take such action with respect to any contractor or subcontractor procurement as the STATE or FHWA may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that, in the event the LPA becomes involved in, or is threatened with, litigation with a contractor, subcontractor, or supplier as a result of such direction, the LPA may request the STATE to enter into such litigation to protect the interests of the STATE, and, in addition, the LPA may request the United States to enter into such litigation to protect the interests of the United States.

11. **DATA, PATENTS AND COPYRIGHTS - PUBLIC USE**

11.1 The LPA shall ensure that any designs, specifications, processes, devices or other intellectual properties specifically devised for the PROJECT by its consultants or contractors performing work become the property of the LPA, and that when requested, such designs, specifications, processes, devices or other intellectual properties shall become available to ODOT and FHWA with an unrestricted right to reproduce, distribute, modify, maintain, and use. The LPA’s consultants and contractors shall not seek or obtain copyrights, patents, or other forms of proprietary protection for such designs, specifications, processes, devices or other intellectual properties, and in providing them to the PROJECT, shall relinquish any such protections should they exist.

11.2 The LPA shall not allow its consultants or contractors to utilize within the development of the PROJECT any copyrighted, patented or similarly protected design, specification, process, device or other intellectual property unless the consultant or contractor has provided for such use by suitable legal agreement with the owner of such copyright, patent or similar protection. A consultant or contractor making use of such protected items for the PROJECT shall indemnify and save harmless the LPA and any affected third party from any and all claims of infringement on such protections, including any costs, expenses, and damages which it may be obliged to pay by reason of infringement, at any time during the prosecution or after the completion of work on the PROJECT.

11.3 In the case of patented pavements or wearing courses where royalties, licensing and proprietary service charges, exacted or to be exacted by the patentees, are published and certified agreements are filed with the LPA, guaranteeing to prospective bidders free unrestricted use of all such proprietary rights and trademarked goods upon payment of such published charges, such patented pavements or wearing courses may be specifically designated in the proposal and competition secured upon the item exclusive of the patent or proprietary charges.

12. **TERMINATION, DEFAULT AND BREACH OF CONTRACT**

12.1 Neglect or failure of the LPA to comply with any of the terms, conditions, or provisions of this Agreement, including misrepresentation of fact, may be an event of default, unless such failure or neglect are the result of natural disasters, strikes, lockouts, acts of public enemies, insurrections, riots, epidemics, civil disturbances, explosions, orders of any kind of governments of the United States or State of Ohio or any of their departments or political subdivisions, or any other cause not reasonably within the LPA's control. If a default has occurred, ODOT may terminate this Agreement with thirty (30) days written notice, except that if ODOT determines that the default can be remedied, then ODOT and the LPA shall proceed in accordance with sections 12.2 through 12.4 of this Agreement.

12.2 If notified by ODOT in writing that it is in violation of any of the terms, conditions, or provisions of this Agreement, and a default has occurred, the LPA shall have thirty (30) days from the date of such notification to remedy the default or, if the remedy will take in excess of thirty (30) days to
complete, the LPA shall have thirty (30) days to satisfactorily commence a remedy of the causes preventing its compliance and curing the default situation. Expiration of the thirty (30) days and failure by the LPA to remedy, or to satisfactorily commence the remedy of, the default whether payment of funds has been fully or partially made, shall result in ODOT, at its discretion, declining to make any further payments to the LPA, or in the termination of this Agreement by ODOT. If this Agreement is terminated, the LPA may be liable to repay to ODOT all of the Federal funds disbursed to it under this Agreement.

12.3 The LPA, upon receiving a notice of termination from ODOT for default, shall cease work on the terminated activities covered under this Agreement. If so requested by ODOT, the LPA shall assign to ODOT all its rights, title, and interest to any contracts it has with any consultants or contractors. Otherwise, the LPA shall terminate all contracts and other agreements it has entered into relating to such covered activities, take all necessary and appropriate steps to limit disbursements and minimize any remaining costs. At the request of ODOT, the LPA may be required to furnish a report describing the status of PROJECT activities as of the date of its receipt of notice of termination, including results accomplished and other matters as ODOT may require.

12.4 No remedy herein conferred upon or reserved by ODOT is intended to be exclusive of any other available remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right or option accruing to ODOT upon any default by the LPA shall impair any such right or option or shall be construed to be a waiver thereof, but any such right or option may be exercised from time to time and as often as may be deemed expedient by ODOT.

12.5 This Agreement and obligation of the parties herein may be terminated by either party with thirty days written notice to the other party. In the event of termination, the LPA shall cease work, terminate all subcontracts relating to such terminated activities, take all necessary or appropriate steps to limit disbursements and minimize costs, and furnish all data results, reports, and other materials describing all work under this contract, including without limitation, results accomplished, conclusions resulting therefrom, and such other matters as ODOT may require.

12.6 In the event of termination for convenience, the LPA shall be entitled to compensation, upon submission of a proper invoice, for the work performed prior to receipt of notice of termination, less any funds previously paid by or on behalf of ODOT. ODOT shall not be liable for any further claims, and the claims submitted by the LPA shall not exceed the total amount of consideration stated in this Agreement. In the event of termination, any payments made by ODOT in which services have not been rendered by the LPA shall be returned to ODOT.

13. THIRD PARTIES AND RESPONSIBILITIES FOR CLAIMS

13.1 Nothing in this Agreement shall be construed as conferring any legal rights, privileges, or immunities, or imposing any legal duties or obligations, on any person or persons other than the parties named in this Agreement, whether such rights, privileges, immunities, duties, or obligations be regarded as contractual, equitable, or beneficial in nature as to such other person or persons. Nothing in this Agreement shall be construed as creating any legal relations between the Director and any person performing services or supplying any equipment, materials, goods, or supplies for the PROJECT sufficient to impose upon the Director any of the obligations specified in section 126.30 of the ORC.

13.2 The LPA hereby agrees to accept responsibility for any and all damages or claims for which it is legally liable arising from the actionable negligence of its officers, employees or agents in the performance of the LPA's obligations made or agreed to herein.
14. **NOTICE**

15. **GENERAL PROVISIONS**

15.1 *Recovery of LPA’s allocable project Direct Labor, Fringe Benefits, and/or Indirect Costs:*

To be eligible to recover any costs associated with the LPA’s internal labor forces allocable to this PROJECT, the LPA shall make an appropriate selection below: [LPA official must initial the option selected.]

1. **No cost recovery of LPA’s project direct labor, fringe benefits, or overhead costs.**
   (A) The LPA does not currently maintain an ODOT approved federally compliant time-tracking system¹, and
   (B) The LPA does not intend to have a federally compliant time-tracking system developed, implemented, and approved by ODOT prior to the period of performance of this PROJECT, and/or
   (C) The LPA does not intend to pursue recovery of these project direct labor, fringe benefits, or overhead costs during the period of performance of this PROJECT Agreement.

2. **Direct labor plus indirect costs calculated using the Federal 10% De Minimis Indirect Cost Rate.**²
   (A) The LPA currently maintains, or intends to develop and implement prior to the period of performance of this PROJECT, an ODOT approved federally compliant time-tracking system, and
   (B) The LPA does not currently have, and does not intend to negotiate, an ODOT approved fringe benefits rate prior to the period of performance of this PROJECT.

---

¹ A “federally compliant time-tracking system” is supported by a system of internal controls and record-keeping that accurately reflects the work performed, which provides reasonable assurance that the time being charged is accurate, allowable, and properly allocated; is incorporated in official records such as payroll records; reasonably reflects the employee’s total activity; provides a time or percentage breakdown on all activities, both Federally funded and non-Federally funded for the employee and complies with the LPA’s pre-established accounting practices and procedures.

² [Also be sure to read footnote # 1] The De Minimis Indirect Cost Rate is 10 percent of modified total direct costs (MTDC) per 2 CFR §200.414. The definition of MTDC is provided in the regulation at 2 CFR §200.68. Any questions regarding the calculation of MTDC for a specific project should be directed to the Office of Local Programs. Further, regardless of whether the LPA subrecipient negotiates overhead rates with ODOT or uses the 10-percent de minimis rate, LPAs are required to maintain Federally-compliant time-tracking systems. Accordingly, LPAs are permitted to bill for labor costs, and then potentially associated fringe/indirect costs, only if the labor costs are accumulated, tracked, and allocated in accordance with compliant systems. Before an LPA is eligible to invoice ODOT for and recover the 10% de minimis indirect cost rate on any project, the LPA’s time-tracking system and methods for tracking other project costs must be reviewed and approved by the ODOT Office of External Audits. A non-Federal entity that elects to charge the de minimis rate must meet the requirements in 2 CFR 200 Appendix VII Section D, Part 1, paragraph b.
3. Direct labor, plus fringe benefits costs calculated using the LPA's ODOT approved Fringe Benefits Rate, plus indirect costs calculated using the Federal 10% De Minimis Indirect Cost Rate.  

   (A) The LPA currently maintains, or intends to develop and implement prior to the period of performance of this PROJECT, an ODOT approved federally compliant time-tracking system, and

   (B) The LPA currently has, or intends to negotiate, an ODOT approved fringe benefits rate prior to the period of performance of this PROJECT.

4. Direct labor, plus fringe benefits costs calculated using the LPA's ODOT approved Fringe Benefits Rate, plus indirect costs calculated using the LPA's ODOT approved Indirect Cost Rate.  

   (A) The LPA currently maintains, or intends to develop and implement prior to the period of performance of this PROJECT, an ODOT approved federally compliant time-tracking system, and

   (B) The LPA currently has, or intends to negotiate, an ODOT approved fringe benefits rate prior to the period of performance of this PROJECT, and

   (C) Instead of using the Federal 10% De Minimis Indirect Cost Rate, the LPA currently has, or intends to negotiate, an ODOT approved indirect cost rate prior to the period of performance of this PROJECT.

For any allocable project labor costs to be eligible for reimbursement with Federal and/or State funds, the LPA must maintain compliance with all timekeeping requirements specified in 2 CFR Part 200 and the ODOT LPA Cost Recovery Guidance, including ODOT Questions and Answers and related supplementary guidance, as applicable. Additionally, if the LPA elects to recover fringe and/or indirect costs, the LPA shall maintain compliance with Appendix VII of 2 CFR Part 200 and the LATP Manual of Procedures.

15.2 If the LPA decides to change its indirect cost recovery option, the change shall not become effective until this Agreement is amended pursuant to section 15.12 below to reflect the indirect cost recovery option utilized by the LPA on the PROJECT.

15.3 Financial Reporting and Audit Requirements: One or more phases of this Agreement include a sub award of Federal funds to the LPA. Accordingly, the LPA must comply with the financial reporting and audit requirements of 2 CFR Part 200.

All non-federal entities, including ODOT's LPA sub recipients, that have aggregate federal awards expenditures from all sources of $750,000 or more in the non-federal entity’s fiscal year must have a Single Audit, or program-specific audit, conducted for that year in accordance with the provisions of 2 CFR Part 200.

Federal and State funds expended to or on behalf of a sub recipient must be recorded in the accounting records of the LPA subrecipient. The LPA is responsible for tracking all project

---

3 [Also be sure to read footnotes # 1 and 2] The fringe benefits rate billed to this project must be determined in accordance with the Rate Agreement periodically negotiated with and approved by the ODOT Office of External Audits. The fiscal period when the LPA's direct labor costs are paid will be matched with the ODOT approved rate for that fiscal year to determine which rate is applicable. Accordingly, the fringe benefits rate applicable to different fiscal years throughout the period of performance of the project may fluctuate to match changes to the ODOT approved rate.

4 [Also be sure to read footnote # 1] The fringe benefits and indirect costs rates billed to this project must be determined in accordance with the Rate Agreement periodically negotiated with and approved by the Office of External Audits. The fiscal period when the LPA's direct labor costs are paid will be matched with the ODOT approved rates for that fiscal year to determine which rates are applicable. Accordingly, the rates applicable to different fiscal years throughout the period of performance of the project may fluctuate to match changes to the ODOT approved rates.
payments throughout the life of the PROJECT in order to ensure an accurate Schedule of Expenditures of Federal Awards (SEFA) is prepared annually for all Applicable Federal Funds. Applicable Federal Funds are those that are identified with the various project phases of this Agreement as a subaward. Applicable Federal Funds include not only those LPA project expenditures that ODOT subsequently reimburses with Federal funds, but also those Federal funds project expenditures that are disbursed directly by ODOT upon the request of the LPA.

The LPA must separately identify each ODOT PID and/or Project and the corresponding expenditures on its SEFA. LPAs are responsible for ensuring expenditures related to this PROJECT are reported when the activity related to the Federal award occurs. Further, the LPA may make this determination consistent with section 2 CFR §200.502 and its established accounting method to determine expenditures including accrual, modified accrual or cash basis.
