The dues deductions shall be made from the first paycheck of each month. If the employee’s pay for that period is insufficient to cover the amount to be deducted, the Employer will make the deduction from the next paycheck, providing the employee’s paycheck is sufficient to cover the deduction.

3.02  A check in the amount of the total dues withheld from those employees authorizing dues deductions. shall be tendered to the Treasurer of the Union within thirty (30) days from the date of the deductions. The Employer shall supply the Union with a list of those employees for whom dues deductions have been made.

The fees will be collected only upon written request by the Union and only once per calendar year from any employees, and the Employer shall forward all fees collected to the Union. The Union shall prescribe an internal procedure to determine a rebate, if any, for non-members which conforms to federal and state law, provided a non-member makes a timely demand on the Union. This section does not require any employee to become or remain a member of the Union as a condition of employment.

3.04 The Union agrees to hold the Employer harmless from any and all liabilities or damages which may arise from the performance of its obligations under this Article and the Union shall indemnify the Employer for any such liabilities or damages that may arise.

ARTICLE IV MANAGEMENT RIGHTS

ARTICLE V

NO STRIKE

5.01 The Union shall not, directly or indirectly, call, sanction, encourage, finance, and/or assist in any way, nor shall any employee instigate or participate, directly or indirectly, in any strike, slowdown, walkout, work stoppage or interference of any kind in the operation of the Fire Department.

5.02 The Union shall at all times cooperate with the City in continuing the operations in a normal manner and shall actively discourage and endeavor to prevent or terminate any violation of paragraph 5.01. The Union shall immediately notify all employees that the strike, slowdown,
work stoppage or other interference in the operation of the Fire Department is prohibited and is
not in any way sanctioned or approved by the Union. Furthermore, the Union shall order all em-
ployees to return to work at once.

5.03 It is further agreed that any violation of the above paragraphs will be sufficient grounds
for disciplinary action.

5.04 The Employer shall not lockout any employee for the duration of this agreement.

ARTICLE VI NON-DISCRIMINATION

6.01 The Employer and the Union agree not to unlawfully discriminate against any employ-
ee(s) on the basis of race, color, religion, national origin, age, sex or disability.

Union and to participate in lawful Union activities. Therefore, the Employer and the Union
agree that there shall be no discrimination by the Employer or the Union against any employee
because of Union membership or non-membership.

ARTICLE VII UNION RIGHTS

7.01 Employees elected or appointed by the Executive Board of the Union or employees who
hold election Union office, shall be granted time off of the job to perform their Union functions,
including attendance at conventions, conferences, and seminars, without loss of pay, not to ex-
ceed two (2) members of the Union off duty at any one time. Said employees shall be granted
time off with pay, to attend one (1) convention per year, two (2) District Meetings per year, two
(2) seminars or conferences per year, and/or contract negotiations between the City and the
Union. Attendance at any such convention, meeting or seminar will not be permitted unless at
least nine (9) calendar days notice is received by the Chief to prevent the necessity of overtime to
fill in for the employees so attending.

7.02 Attendance at conventions shall be limited to a maximum of two (2) tours of duty per
person. Attendance at conferences shall be limited to a maximum of one (1) tour of duty per
person. Reasonable notice (at least one week for local conferences and by the beginning of the
calendar month for conventions) shall be given to the City.

7.03 Employees may go shopping for food and supplies as is reasonably necessary and as shall
not impede Fire Department operations.

7.04 A Labor/Management Committee is hereby created to meet periodically with up to three
(3) Employer representatives and up to three (3) Union representatives to discuss matters of a
mutual concern, except those subject to grievance or negotiations. The Committee shall review
any new SOP or Rules or Regulations for input to the Chief. In the event there is a dispute re-
garding any such rules, the Committee shall meet with the Safety Director participating to re-
solve the matter.

7.05 The City agrees to allow the Union to install and maintain the proper lines necessary to
run fax machines, computers, etc., owned by the Union.

ARTICLE VIII SUBSTANCE TESTING AND ASSISTANCE

8.01 Drug and alcohol screening/testing shall be conducted randomly and upon reasonable
suspicion, which means that the Employer possesses facts that give rise to reasonable suspicion
that an employee is currently or had recently been engaging in the use of illegal drugs or improper
use of alcohol. Drug screening/testing shall be conducted solely for administrative purposes
and the results obtained shall not be used in any criminal proceedings. Under no circumstances
may the results of drug screening or testing be released to a third party. The following procedure shall not preclude the Employer from other administrative action.

8.02 All drug and alcohol screening tests shall be conducted by medical laboratories licensed by the State of Ohio. The procedure utilized by the test lab shall include a chain of custody procedure and mass spectroscopy confirmation of any positive initial screening.

8.03 Drug screening tests shall be given to employees to detect the illegal use of a controlled substance as defined by the Ohio Revised Code. If the screening is positive, the employee shall be ordered to undergo a confirmatory test of blood by the gas chromatography mass spectrophotometry method which shall be administered by a medical laboratory licensed by the State of Ohio. The employee may have a second confirmatory test done at a medical laboratory licensed by the State of Ohio of his choosing, at his expense. This test shall be given the same evidentiary value of the two (2) previous tests. If at any point the results of the drug testing procedures conducted by the City specified in this Article are negative, (employee confirmatory tests not applicable) all further testing and administrative actions related to drug/alcohol testing shall be discontinued. Negative test results shall not be used against an employee in any future disciplinary action or in any employment consideration decision.

8.04 Upon the findings of positive test results for an illegal controlled substance by the chemical tests, the Employer shall conduct an internal investigation to determine if facts exist to support the conclusion that the employee knowingly used an illegal, controlled substance. Upon the conclusion of such investigation, an employee who has tested positive for the presence of illegal drugs pursuant to this section, may be referred to an employee assistance program or detoxification program as determined by appropriate medical personnel on drug and alcohol counseling unless the employee has previously tested positive for the use of drugs, refuses to participate in
the EAP, in which case the Employer may impose disciplinary action. An employee who participates in a rehabilitation or detoxification program shall be allowed to use sick leave, vacation leave, personal days, holiday time or compensatory time for the period of the detoxification program. If no such leave credits are available, such employee shall be placed on a medical leave of absence without pay for the period of the rehabilitation or detoxification program. Upon completion of such program and a retest that demonstrates the employee is no longer illegally using a controlled substance, the employee may be returned to his position. Such employee may be subject to periodic retesting at the discretion of the Employer upon his return to his position. Any employee in the above-mentioned rehabilitation or detoxification programs will not lose any seniority or benefits should it be necessary that he be required to take a medical leave of absence without pay for a period not to exceed ninety (90) days.

8.05 If the employee refuses to undergo rehabilitation or detoxification, or if he fails to complete a program of rehabilitation, or if he tests positive at any time within eighteen (18) months after his return to work upon completion of the program of rehabilitation, such employee shall be subject to disciplinary action. Except as otherwise provided herein; costs of all drug screening tests and confirmatory tests shall be borne by the Employer. For the purpose of this Article, “periodic” shall mean not more than three (3) times per year, except that drug tests may be performed at any time upon, “reasonable suspicion” of drug use.

8.06 No drug testing shall be conducted without the authorization of the Fire Chief. If the Chief orders, the employee shall submit to a toxicology test in accordance with the procedure set forth above. Refusal to submit to toxicology testing after being ordered to do so may result in
disciplinary action. Records of drug and alcohol testing shall be kept in the office of the Fire
Chief and shall be kept confidential except as provided by the Ohio Public Records law; however,
test results and records may be used for future disciplinary actions as set forth in the Article.
8.07 The employee and the IAFF shall be given a copy of the laboratory report of both speci-
mens before any discipline is imposed.
8.08 Employees that purposely make false accusations pursuant to this Section shall be subject
to discipline including but not limited to discharge. Records of disciplinary action or rehabilita-
tion resulting from positive test results may be used in subsequent disciplinary actions for a peri-
od of four (4) years.
8.09 Random drug testing may be conducted not more than twice in a calendar year, with no
more than thirty (30%) percent of bargaining unit employees being tested each time. The selection
of the employees to be tested will be done by random drawing of employee members’ names
as directed by the Safety Director.

ARTICLE IX            RULES AND REGULATIONS
9.01 It is understood and agreed that the Employer has the authority to promulgate work rules,
policies, procedures and directives to regulate the conduct of the Employer’s business. Such
matters shall be reduced to writing and made available to all employees.
9.02 The Union agrees that its members will comply with all Fire Department Rules and
Regulations, including those relating to conduct and work performance of employees as outlines
in 9.01, above.
9.03 The Employer may name up to three (3) representatives and the Union may name up to
three (3) representatives to sit as a committee to discuss Fire Department Rules and Regulations
when deemed necessary. The meetings will be convened at a mutually agreeable time upon the request of either the Employer or the Union within seven (7) calendar days from the date of the request during the term of this Agreement.

ARTICLE X SAFETY COMMITTEE

10.01 There is hereby established a joint Safety Committee consisting of two (2) members of the bargaining unit and two (2) members of the Administration which shall meet quarterly to identify unsafe conditions as they exist.

10.02 Should a dispute exist among the Committee members, the Committee may submit their dispute to the Mayor. His reply shall be made within ten (10) calendar days to the Safety Committee.

10.03 If the dispute is not settled after the Mayor's reply or proposed corrective action, the Safety Committee may meet with the appropriate committee of City Council to discuss the situation. The City Council Committee shall reply within ten (10) calendar days to the Safety Committee and such reply shall be final.

ARTICLE XI PROBATIONARY PERIOD

11.01 All newly hired employees will be required to serve a probationary period of one (1) year from the date all certificates required by the City are received. During said period, the Employer shall have the right to discipline or discharge such employee(s), based on monthly evaluations given by the Employer during the probationary period, and such action shall not be appealable through the Disciplinary, Grievance or Arbitration Procedures herein contained or to any Civil
Service Commission. Employees shall be moved to the next step on the salary schedule after one (1) year of employment.

11.02 If an employee is discharged or quits while on probation, and is later rehired, he shall be considered to be a newly hired employee.

11.03 All employees who are promoted shall serve a promotional probationary period of twelve (12) months. During said period, the Employer shall have the right to demote such employees for just cause as outlined in the disciplinary section of this contract and shall be based upon monthly evaluations given by the Employer during the probationary period.

11.04 If an employee leaves the employment of the City within twenty-four (24) months of their hire date, said employee shall be required to reimburse the City, on a prorated basis, for the cost of the turnout gear which will become theirs to keep.

FIREFIGHTER A $71,529.23 $27.60

ARTICLE XXIV EMPLOYER PENSION “PICK UP”

24.01 The Employer shall “pick up” and pay the employees’ retirement contribution to “The Public Employees Retirement System of Ohio," “The Police and Firemen’s Disability and Pension Fund” pursuant to Internal Revenue Code Section 414 (h) (2) and in accordance with Internal Revenue Service Revenue Ruling 81-36. Such employee’s contributions, although designated as employee contributions, are being paid by the Employer in lieu of contributions by the employees. Employees shall not be given the option of choosing to receive the contribution amounts directly instead of having them paid by the City to the pension plan. The City’s “pick up” policy will be uniformly applied on a nondiscriminatory basis to all full-time employees covered under this contract covered under “The Public Employees, Retirement System of Ohio,” “The Police and Firemen’s Disability and Pension Fund.”

24.02 The “pick up” by the City of North Ridgeville shall apply to all persons in the following classes:
A. All full-time employees of the City of North Ridgeville who are contributing members of the Public Employees' Retirement System of Ohio, or The Police and Firemen's Disability and Pension fund. For purposes of this Ordinance a “full-time employee” is a person who performs work for the City of North Ridgeville in accordance with an established scheduled working time, such schedule to be based upon not less than five (5) calendar days for fifty-two (52) weeks per year, plus all elected and appointed officials who are on the city payroll twelve (12) months per year. A “full-time employee” shall not include 1) a student whose employment will not exceed fifteen hundred (1,500) hours in any calendar year; 2) any new employee not a member of the Public Employees Retirement System of Ohio, or The Police and Firemen's Disability and Pension Fund, at the time of his employment, whose employment shall not exceed twenty (20) hours per week; or 3) a temporary or emergency employee whose employment will not exceed three (3) calendar months.

24.03 The City's contribution to the “retirement system” will be calculated on the full salary of employees before the “pick up” is deducted from gross salary, provided that no employee's total salary is increased by such “pick up” nor is the City’s total contribution to the retirement system increased thereby. The City shall treat such “pick up” under the, “salary reduction technique,” whereby the employee's gross salary shall be reduced by the full amount of said contribution for Federal and State tax reporting purposes. The employee contributions which are “picked-up” by the City shall be treated in the same manner as contributions made by employees prior to the commencement of the “pick up” program and will, therefore, be included in “compensation” for the purposes of the “retirement system” benefit calculations, and for the purposes of calculating
salaries and compensation of the employee's set forth in the contract. Overtime compensation and other employee benefits, where otherwise applicable will be based on the employee's compensation rate before employer "pick up" of the pension contribution.

24.04 It is understood that the City's total combined expenditures for employee's total contract salaries payable pursuant hereto (including "pick up" amounts) and its employer contributions to the "retirement system" shall not be greater than the amount it would have paid for those items had this employer "pick up" policy not been in effect. Should the Internal Revenue Service take issue with the Retirement System concerning its qualified status under Section 401(a) of the Internal Revenue Code, the "pick up" procedure may be deemed null and void.

24.05 The gross wage or salary of any person subject to the "pick up" shall not change as a result of this "pick up."

24.06 The City Auditor is directed to implement the provisions of this Section to effect the "pick up" of the statutorily required contributions to the Public Employees Retirement System of Ohio, and the Police and Firemen's Disability and Pension Fund, for those persons within the classes established in Section 2 herein so as to enable them to obtain the resulting Federal and State tax deferments and other benefits.

ARTICLE XXV       BADGES AND EQUIPMENT
25.01 Fire Department Bargaining Unit Members who have had at least ten (10) years of continuous service in the City of North Ridgeville Fire Department, upon retirement from the City shall receive their badges, and if they desire, their turn-out gear.

ARTICLE XXVI SPECIALIZED RESPONSE TEAM

26.01 Hazardous materials, technical rescue, Swift Water Rescue and dive/rescue shall be referred to as specialized response teams. The size and composition of each team shall be determined by the City based upon advice of the Fire Chief. All members of the team shall be trained to a level of competency to be determined by the Fire Chief. The Fire Chief shall also determine the number of annual training sessions, with compensation determined according to the current agreement. 26.02 In the event a member of a Specialized Response Team is required to respond to an incident, the members shall be compensated in accordance with the terms of the collective bargaining agreement.

26.03 All active members of the Specialized Response Teams that have met the obligations of the previous twelve (12) months shall receive a lump sum payment of four hundred dollars ($400.00) for each team he/she belongs to. The lump sum payment shall be paid in the last pay period of each year.

ARTICLE XXVII PARAMEDICS

27.01 Infectious Disease - The City will cover the cost of an employee’s co-payment for medical tests required by a physician as a result of a duty-related incident. The City may require the employee to be examined by a physician of the City’s choosing to confirm the need for testing.

27.02 Burnout - After fifteen (15) years of service as a firefighter/paramedic, a member may file a request with the Safety Director to no longer work as a paramedic and return to
firefighter/EMT status. If two (2) or more eligible paramedics request to return to firefighter/EMT status and it is not possible to allow all of them to do this, then the “burnout” will be granted on the basis of seniority in the North Ridgeville Fire Department.

27.03 Any member who was not required to be a paramedic at the time of hire will not be subject to the fifteen (15) year requirement for the return to firefighter/EMT status.

27.04 Recertification - The City will pay for the cost of the first attempt of each required recertification. The member will be required to pay at his/her own expense for a second attempt at recertification.

27.05 Any contractual language relating to education payments or benefits will be totally unrelated to the paramedic training program.

27.06 The term paramedic implies State Registered Paramedics unless indicated otherwise.

ARTICLE XXVIII  GENDER AND PLURAL

28.01 Whenever the context requires, the use of the words herein in the singular shall be construed to include the plural, and words in the plural, the singular; and words whether in the masculine, feminine or neuter gender shall be construed to include all of said genders. By the use of either the masculine or feminine genders it is understood that said use is for convenience purposes only and is not to be interpreted to be discriminatory by reason of sex.

ARTICLE XXIX  HEADINGS
29.01 It is understood and agreed that the use of headings before articles or sections is for convenience only and that no heading shall be used in the interpretation of said article or section nor effect any interpretations of any said article or section.

ARTICLE XXX OBLIGATION TO NEGOTIATE

30.01 The Employer and the Union acknowledge that during negotiations which preceded this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement.

30.02 Therefore, for the life of this Agreement, the Employer and the Union each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to negotiate collectively with respect to any subject or matter referred to, or covered in this Agreement, or with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such matters or subjects may not have been within the knowledge or contemplation of either or both parties at the time they negotiated and signed this Agreement.

ARTICLE XXXI CONFORMITY TO LAW

31.01 This Agreement shall be subject to and subordinated to any present and future Federal, State, and Local Laws, along with any applicable Civil Service Rules and Regulations, and the invalidity of any provisions of this Agreement by reason of any such existing or future law, rule or regulation shall not affect the validity of the surviving provisions.

31.02 If the enactment of legislation, or a determination by a court of final and competent jurisdiction (whether in a proceeding between the parties or in one not between the parties but controlling by reason of the facts renders any portion of this Agreement invalid of the surviving
provisions of this Agreement, which shall remain in full force and effect as if such invalid portions) thereof had not been included herein.

ARTICLE XXXII DURATION

32.01 This Agreement will remain in effect from January 1, 2021 through December 31, 2023.

ARTICLE XXXIII DISCIPLINARY PROCEDURE

33.01 This procedure shall apply to all non-probationary employees covered by this Agreement. A “day” as used in this procedure shall mean calendar days, excluding Saturdays, Sundays, and the Holidays provided in this Agreement.

33.02 All employees shall have the following rights:

A. An employee shall be entitled to representation at each step of the Disciplinary Procedure.

B. An employee shall not be coerced, intimidated, or suffer any reprisals either directly or indirectly that may adversely affect his hours, wages, or working conditions as the result of the exercise of his rights under this procedure.

33.03 The following administrative procedural steps shall apply to all disciplinary actions:

STEP 1 The Fire Chief and the employee involved are encouraged to settle disciplinary matters informally. Each side shall extend a good faith effort to settle the matter at the earliest possible time. The Fire Chief shall hold an informal meeting with the employee and his representative within five (5) days of the Chief becoming aware of the occurrence of the facts giving rise to the discipline for the purpose of discussing the matter prior to the formal presentation of charges. The specific nature of the matter will be addressed, and the Fire Chief may offer a proposed
disciplinary penalty. The employee must be advised before the meeting that he is entitled to representation by the Union.

STEP 2 If a mutually agreeable settlement is not reached at STEP 1 (the informal meeting) the Fire Chief will, within thirty (30) calendar days, schedule a Step 2 meeting, prepare a formal Notice of Discipline and present it to the employee and the Union President. The specific acts for which discipline is being imposed and the penalty proposed shall be specified in the Notice of Discipline. The notice shall contain a reference to dates, times, places, people involved (if possible), advice as to the employee’s rights, and the right of representation.

STEP 3 Upon receipt of the Notice of Discipline, the employee may choose to accept the proposed discipline or to appeal by filing a grievance within five (5) working days.

33.04 An employee may resign following the service of a Notice of Discipline. Any such resignation will be processed in accordance with the provisions contained herein and the employee’s employment shall be terminated.

33.05 Discipline shall be imposed only for just cause. No non-probationary employee shall be disciplined except for just cause as defined in Ohio Revised Code, Section 124.34 or for violations of Rules and Regulations as established under Article IX of this Agreement. All discipline shall be applied uniformly and in a fair and equitable manner. Except in instances where the employee is found guilty of gross misconduct, discipline will be applied in a corrective and progressive manner. The application of progressive discipline shall not be limited to the same infractions and shall be applied in accordance with the following steps:

1) Verbal warning
2) Written Warning
3) Twelve (12) hour suspension
4) Twenty four (24) hour suspension
5) Demotion and/or discharge

33.06 Where the appointing authority seeks a penalty greater than a written warning, notice of such discipline shall be made in writing and served on the employee personally or by registered or certified mail, return receipt requested, with a copy to the Local Union President prior to the Step 2 meeting.

33.07 If no disciplinary action has been taken against an employee during the twelve (12) months immediately preceding the present disciplinary action, then in taking disciplinary action against the employee, the City shall not consider or rely upon any prior disciplinary actions. Discipline consisting of lost time or pay shall not be used against an employee after twenty-four (24) months duration, providing there has been no intervening disciplinary action taken against the employee during these periods.

33.08 The Notice of Discipline served on the employee shall be accompanied by written statement that:

1. The employee has the right to object by filing a grievance within five (5) working days of receipt of the Notice of Discipline.

2. The Grievance Procedure provides for a hearing by an independent arbitrator as its final step.

3. The employee is entitled to representation at every step of the process.

33.09 Discipline shall not be implemented until either:

1. The matter is settled.
2. The employee fails to file a grievance within the time frame provided by the Grievance procedure.

3. The penalty is upheld by the arbitrator or a different penalty is determined by the arbitrator.

33.10 If a grievance is filed and pursued within the time frames provided, no penalty can be implemented until the matter is settled or the arbitrator renders a decision.

33.11 A failure to submit an appeal/grievance within the five (5) days time limit shall be construed as an agreement to the discipline by the employee. All subsequent appeal rights shall be deemed waived.

33.12 The Employer and the Union agree that all disciplinary procedures shall be carried out in a private and businesslike manner. A disciplinary matter may be settled at any time. The terms of the settlement shall be agreed to in writing. An employee executing a settlement shall be notified of the right to representation. A settlement entered into by an employee shall be final and binding on all parties. The Union shall be notified of all settlements.

33.13 An employee may be suspended with pay at any time during the process if the appointing authority, at its discretion, determines the employee’s continued presence on the job represents a potential danger to persons or property, or would interfere with the Employer’s operations. A suspension without pay may be imposed subsequent to the decision at Step 3 of the Grievance Procedure or after the decision rendered by an arbitrator from the Arbitration Procedure if pursued by the Union as outlined 33.07.

33.14 The Union, on behalf of all the employees covered by this Agreement and its own behalf, thereby waives any and all rights previously possessed by such employees to appeal any form of disciplinary action (e.g., suspensions, demotions, or discharges) to any Civil Service
Commission.

ARTICLE XXXIV GRIEVANCE PROCEDURE

In the event that any grievance is adjusted without formal determination, pursuant to this procedure, while such adjustment shall be binding upon the aggrieved party and the Employer, and shall, in all respects, be final, said adjustment shall not create a precedent or ruling upon the Employer in future proceedings. The Union shall be notified of all settlements as stated in 33.12.

d) The grievant may choose to be represented.

ATTACHMENT A
TO LUMP SUM WORK ORDER 2022-2

SCOPE OF SERVICES

FRENCH CREEK INTERCEPTOR SEWER INSPECTION, MANHOLE INSPECTION AND CONDITION ASSESSMENT UPDATE 2022

Background
The City of North Ridgeville owns and maintains the French Creek Interceptor. The entire interceptor was inspected over ten years ago and found largely to be in good condition. There were several areas identified for rehabilitation and recommended in three phases.

The first two phases were completed within several years of the inspection and report. Phase 3 still requires rehabilitation but the time lapse from recommendation may have led to further deterioration requiring alternate recommendations. This project will reinspect areas of the interceptor, update areas previously recommended for rehabilitation using current inspection data.

Task 1 – INTERCEPTOR INSPECTION
AECOM will retain C&K Industrial Services (C&K) to perform the Closed-Circuit Television (CCTV) on the selected segments of the French Creek Interceptor using a Multi-Sensor Inspection (MSI) which will capture lidar and sonar data in conjunction with the CCTV. There is approximately 9,380 linear feet to be inspected.

The purpose is to use the MSI on areas that were previously identified for rehabilitation to obtain up-to-date inspection data to assist in providing rehabilitation recommendations.

AECOM field crews will utilize a pole mounted camera to inspect pipe segments that were not previously identified for rehabilitation. The purpose is to see if there are any changes from the past inspection.

Interceptor Inspection with Pole Camera
1. AECOM field technicians will perform an inspection of approximately 200 sanitary manholes on the interceptor. The inspection will include surface and down photographs, condition assessment, observed deficiencies, pipe sizes, manhole depths and construction materials. Additionally, the pole camera will be lowered into each manhole and used to inspect each pipe stub of the interceptor for condition assessment and need for additional CCTV if necessary.

2. AECOM shall use survey data provided by the City as location data for the inspection. The manhole inspection data shall be completed and submitted in a GIS format

3. This inspection is a top-side inspection only and does not include confined space entry.

Interceptor Inspection with MSI
1. AECOM will provide a field technician to conduct oversight of the inspection by C&K during the MSI work.

2. The MSI inspection will provide detailed data for current conditions to assist with recommending same or new rehabilitation recommendations.

3. All inspections will conform to NASSCO PACP standards.

Task 2 - CONDITION ASSESSMENT AND REPORT
1. AECOM shall review the MSI inspection data, logs and other information from C&K and AECOM field work for areas of the interceptor.

2. AECOM will host a workshop meeting to discuss the findings and proposed rehabilitation recommendations and cost with the City.

3. AECOM will identify the specific sewer sections exhibiting inflow or infiltration, structural deficiencies or those sections requiring maintenance.
4. AECOM will prepare a report of findings providing recommendations for the deficiencies found during the inspection that require attention. The report will include the MSICCTV logs and videos, manhole inspection forms and a figure of the sewer depicting the graphical location of deficiencies identified for attention.

5. Along with the condition assessment, AECOM will formulate rehabilitation recommendations including cost estimates for improvements or maintenance to the sewer and/or manholes. Working in conjunction with the City of North Ridgeville, AECOM will prioritize these improvements based, in part, on the severity of the deficiencies. Improvements could include, but are not limited to, sewer and manhole linings, joint repairs, sewer segment and/or manhole replacement, and connection repairs.

6. AECOM will prepare 2 hard copies and one electronic copy of the report for the City.

CITY OF NORTH RIDGEVILLE RESPONSIBILITIES
1. The CITY shall provide AECOM staff access (consent) to enter upon public and private property as required for the performance of the Work. The City shall provide access to all accessible manholes on the interceptor sewer.

2. The CITY shall provide AECOM staff, at no cost to AECOM, all available information, reports, studies, and current mapping pertinent to the Project.

SCHEDULE
AECOM will provide the City with a schedule of proposed activities within ten (10) days of being authorized to begin work on the project.
