IV. The Grantee shall, in all solicitations or advertisements for employees placed by or on behalf of the Grantee, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, ancestry, age, sex, sexual orientation, military status, or any disability, as defined in the ADA.

V. The Grantee shall comply with the State Equal Employment Opportunity guidelines, and any direction as set forth by officials or agencies of the State or Federal Government that seek to eliminate unlawful employment discrimination, and with all other State and Federal efforts to assure equal employment practices under this Agreement. Before and during performance, the Grantee shall promptly comply with all requests and direction from the State of Ohio or any of its officials and agencies related to this paragraph.

VI. Upon the Grantee’s noncompliance with the nondiscrimination clauses of this Agreement, this Agreement may be canceled, terminated, or suspended in whole or in part, and the Grantee may be ineligible for further state contracts. Further, such other sanctions may be imposed and remedies instituted as otherwise provided by the law.

VII. with generally accepted accounting procedures in a common file to facilitate audits and inspections. In the event of a special audit, the Grantee will be responsible for the actual cost of the audit. Said costs shall be determined by the State of Ohio.

X. The Grantee, by signature on this document, certifies that it: (1) has reviewed and understands the Ohio ethics and conflict of interest laws, including the requirements found in Ohio Revised Code Chapter 102 and in Ohio Revised Code Sections 2921.42 and 2921.43, and (2) Grantee is currently in compliance with and will continue to adhere to, the requirements of Ohio ethics laws and conflict of interest laws and will take no action inconsistent with those laws. The Grantee understands that failure to comply with Ohio's ethics and conflict of interest laws is, in itself, grounds for termination of this Agreement and may result in the loss of other contracts or grants with the State of Ohio. No personnel of Contractor or public official, employee or member of the governing body of any locality in which work under this Agreement is being carried out, and who exercises any functions or responsibilities in connection with the review or approval of this Agreement or carrying out any such work, shall, prior to the completion of the work, voluntarily acquire any personal interest that is incompatible or in conflict with the discharge and fulfillment of his or her functions and responsibilities with respect to the carrying out the work. Any such person who acquires an incompatible or conflicting personal interest on or after the effective date of this Agreement, or who involuntarily acquires any such personal interest, shall immediately disclose his or her interest to Ohio EPA in writing. Thereafter, he or she shall not participate in any action affecting the work under this Agreement, unless Ohio EPA determines in its sole discretion that, in the light of the personal interest disclosed, his or her participation in any such action would not be contrary to public interest.

XI. The Grantee affirms that, as applicable to it, no party listed in Division (I) or (J) of Section 3517.13 of the Ohio Revised Code or spouse of such party has made, as an individual, within the two previous calendar years, one or more contributions in excess of the amounts specified in ORC 3517.13, to the Governor or to his campaign committees.

XII. The Grantee affirmatively represents and warrants to Agency that it is not subject to a finding for recovery under ORC 9.24 or otherwise qualifies under that section. The Grantee agrees that if this representation or warranty is deemed to be false, the Agreement shall be void ab initio as between the parties to this Agreement, and any funds paid by Agency hereunder immediately shall be repaid to Agency, or an action for recovery immediately may be commenced by Agency for recovery of said funds.

XIII. The Grantee affirmatively represents and warrants to Agency that it is not debarred from consideration for contract awards by the Director of the Department of Administrative Services, pursuant to either ORC 153.02 or ORC 125.25. If this representation and warranty is false, this Agreement is void ab initio and Grantee shall immediately repay to the State any funds paid under this Agreement.

XIV. Implementation of the approved 2023 CLG project as outlined in the Grantee’s 2023 CLG Approved Application and this Agreement shall not commence until the Agreement is signed by all parties or July 1, 2023, whichever is later. The Agency shall not be responsible for any costs incurred by the Grantee prior to the effective date of this Agreement.

XV. Grantee represents and warrants that:

1. It is not subject to any judgment or decree of a court of competent jurisdiction
   or governmental agency that would limit or restrict its right to enter and
carry out this Agreement.

2. Neither the execution of this Agreement nor the consummation of its
   transactions will constitute a breach under any contract or agreement to
which it is a party or by which it is bound.

3. It has made no false statements to the other party or any of its employees
   or agents in the process of obtaining this Agreement.

4. It has the authority to execute this Agreement and perform their
   obligations under this Agreement.

5. It has received no written notice that any investigation, action or litigation
   is pending or threatened, which materially and adversely affects this
   Agreement.

XVI. This Agreement shall remain in effect until June 30, 2025. The Agency reserves the right,
at any time after execution of this Agreement, with or without cause, to terminate, revise,
or extend the grant in whole or in part, upon written notification to the Grantee. The
Grantee, upon receipt of notice of termination, shall not incur any new obligations and
shall take all necessary and appropriate steps to limit disbursements and minimize costs
and obligations, including cancelling as many outstanding obligations as possible. In the
event of such termination, the Grantee will be paid for approved expenditures incurred
prior to termination and for any noncancelable obligations properly incurred by the Grantee
prior to termination. If requested by the Agency, the Grantee shall promptly furnish a
report that describes the status of all work under this Agreement as of the date of receipt
of the termination notice. The Grantee agrees to waive any right to, and shall have no
claim for, additional compensation against the Agency by reason of such termination.

XVII. The Grantee reserves the right, at any time after execution of this Agreement to terminate

Agency of any termination of the grant or program. Any payment not received within forty-
five days of the due date may be turned over to the Attorney General for collection as a
delinquent claim, and the Grantee agrees to pay the Agency all costs the Agency incurs
for delinquent collections by the Attorney General’s office.

XIX. The Grantee affirms to have read and understands Executive Order 2019-12D and
Executive Order 2022-02D and shall abide by those requirements in the performance of
this Agreement and shall perform no services required under the Agreement outside of

https://governor.ohio.gov/media/executive-orders/Executive-Order-2022-02d

If the Grantee or any of its subcontractors perform services outside of the United States, or purchase services from or investments in Russian institutions and companies, the performance of such services shall be treated as a material breach of the Agreement. The State is not obligated to pay and shall not pay for such services. If Grantee or any of its subcontractors perform any such services, Grantee shall immediately return to the State all funds paid for those services. The State may also recover from the Grantee all costs associated with any corrective action the State may undertake, including but not limited to an audit or a risk analysis, as a result of the Grantee performing services outside the United States or purchases of services from or investments in Russian institutions and companies.

The State may, at any time after the breach, terminate the Agreement, upon written notice to the Grantee. The State may recover all accounting, administrative, legal and other expenses reasonably necessary for the preparation of the termination of the Agreement and costs associated with the acquisition of substitute services from a third party.

The State, in its sole discretion, may provide written notice to Grantee of a breach and permit the Grantee to cure the breach. Such cure period shall be no longer than 21 calendar days. During the cure period, the State may buy substitute services from a third party and recover from the Grantee any costs associated with acquiring those substitute services.

Notwithstanding the State permitting a period of time to cure the breach or the Grantee’s cure of the breach, the State does not waive any of its rights and remedies provided to the State in this Agreement, including but not limited to recovery of funds paid for services the Grantee performed outside of the United States, purchases of services from or investments in Russian institutions and companies, costs associated with corrective action, or liquidated damages.

XX. Until termination of this contract (expiration date – see condition XVI) and for a period of three years following termination, the Agency may require repayment of any funds, up to the full amount that has been distributed, upon a finding by the Director that Grantee or the cooperating enterprise is not in substantial compliance with environmental laws or rules or has become subject to a formal enforcement action by Ohio EPA or the Ohio Attorney General’s Office. SHORT FORM OF AGREEMENT
BETWEEN OWNER AND ENGINEER
FOR PROFESSIONAL SERVICES

THIS IS AN AGREEMENT effective as of the date of the latest required signature below ("Effective Date") between City of North Ridgeville ("Owner") and American Structurepoint, Inc. ("Engineer").

Owner’s Project, of which Engineer’s services under this Agreement are a part, is generally identified as follows: French Creek WWTP: Influent Pump Station Improvements ("Project").

Engineer’s services under this Agreement are generally identified as follows: Please see Engineer’s fee proposal dated February 13, 2023 ("Services").

Owner and Engineer further agree as follows:

1.01 Basic Agreement and Period of Service

A. Engineer shall provide or furnish the Services set forth in this Agreement. If authorized by Owner, or if required because of changes in the Project, Engineer shall furnish services in addition to those set forth above ("Additional Services").

B. Engineer shall complete its Services within a reasonable period of time.

C. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer’s Services is impaired, or Engineer’s Services are delayed or suspended, then the time for completion of Engineer’s Services, and the rates and amounts of Engineer’s compensation, shall be adjusted equitably.

2.01 Payment Procedures

A. invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices and submit the invoices to Owner on a monthly basis. Invoices are due and payable within 45 days of receipt. If Owner fails to make any payment due Engineer for Services, Additional Services, and expenses within 30 days after receipt of Engineer’s invoice, then (1) the amounts due Engineer will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said due date, and (2) in addition Engineer may, after giving seven days written notice to Owner, suspend Services under this Agreement until Engineer has been paid in full all amounts due for Services, Additional Services, expenses, and other related charges. Owner waives any and all claims against Engineer for any such suspension.

B. Payment: As compensation for Engineer providing or furnishing Services and Additional Services, Owner shall pay Engineer as set forth in Paragraphs 2.01, 2.02 (Services), and 2.03 (Additional Services). If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so, may withhold only that portion so disputed, and must pay the undisputed portion.
2.02 Basis of Payment

A. Owner shall pay Engineer for Services as follows:

1. A Lump Sum amount of $78,300.

2. The portion of the compensation amount billed monthly for Engineer’s Services will be based upon Engineer’s estimate of the percentage of the total Services actually completed during the billing period.

2.03 Additional Services: For Additional Services, Owner shall pay Engineer an amount equal to the cumulative hours charged in providing the Additional Services by each class of Engineer’s employees, times standard hourly rates for each applicable billing class; plus reimbursement of expenses incurred in connection with providing the Additional Services and Engineer’s consultants’ charges, if any. Engineer’s standard hourly rates are attached as Appendix 1. a fee to be negotiated at the time such Additional Services are requested.

3.01 Termination

A. The obligation to continue performance under this Agreement may be terminated:

1. For cause,

   a. By either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the Agreement’s terms through no fault of the terminating party. Failure to pay Engineer for its services is a substantial failure to perform and a basis for termination.

   b. By Engineer:

      1) upon seven days written notice if Owner demands that Engineer furnish or perform services contrary to Engineer’s responsibilities as a licensed professional; or

      2) upon seven days written notice if the Engineer’s Services are delayed for more than 60 days for reasons beyond Engineer’s control, or as the result of the presence at the Site of undisclosed Constituents of Concern, as set forth in Paragraph 5.01.1.

   c. Engineer shall have no liability to Owner on account of a termination for cause by Engineer.

   d. Notwithstanding the foregoing, this Agreement will not terminate as a result of a substantial failure under Paragraph 3.01.A.1.a if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt of notice; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. For convenience, by Owner effective upon Engineer’s receipt of written notice from Owner.
B. In the event of any termination under Paragraph 3.01, Engineer will be entitled to invoice Owner and to receive full payment for all Services and Additional Services performed or furnished in accordance with this Agreement, plus reimbursement of expenses incurred through the receipt of notice of termination in connection with providing the Services and Additional Services, and Engineer’s consultants’ charges, if any.

4.01 Successors, Assigns, and Beneficiaries

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 4.01.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators, and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise, nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

5.01 General Considerations

A. The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer. Subject to the foregoing standard of care, Engineer and its consultants may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards. The Owner shall furnish, at the Owner’s expense, all information, requirements, reports, data, surveys and instructions required by this Agreement. The Engineer may use such information, requirements, reports, data, surveys and instructions in performing its services and is entitled to rely upon the accuracy and completeness thereof. The Engineer shall not be held responsible for any errors or omissions that may arise as a result of erroneous or incomplete information provided by the Owner, consultants or contractors which the Owner requires Engineer to hire, and/or the Owner’s consultants and contractors.

B. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor’s work, nor shall Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Project site, nor for any failure of a Constructor to comply with laws and regulations applicable to such Constructor’s furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.
C. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor’s failure to furnish and perform its work.

D. Engineer’s opinions (if any) of probable construction cost are to be made on the basis of Engineer’s experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors’ methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual construction cost will not vary from opinions of probable construction cost prepared by Engineer. If Owner requires greater assurance as to probable construction cost, then Owner agrees to obtain an independent cost estimate.

E. Engineer shall not be responsible for any decision made regarding the construction contract requirements, or any application, interpretation, clarification, or modification of the construction contract documents other than those made by Engineer or its consultants.

F. All documents prepared or furnished by Engineer are instruments of service, and Engineer retains an ownership and property interest (including the copyright and the right of reuse) in such documents, whether or not the Project is completed. Owner shall have a limited license to use the documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all Services and Additional Services relating to preparation of the documents and subject to the following limitations:

1. Owner acknowledges that such documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, or on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;

2. any such use or reuse, or any modification of the documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner’s sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and consultants;

3. Owner shall hold harmless Engineer and its officers, directors, members, partners, agents, employees, and consultants from all claims, damages, losses, and expenses, including reasonable attorneys’ fees, arising out of or resulting from any use, reuse, or modification of the documents without written verification, completion, or adaptation by Engineer; and

4. such limited license to Owner shall not create any rights in third parties.

5. Upon payment in full of all fees due by Owner, all right, title, and interest in any documents, plans, drawings, or instruments of service shall vest solely in the Owner. Notwithstanding the foregoing, Engineer shall retain its rights in pre-existing and standard scripts, databases, computer software, and other proprietary property. Rights to intellectual property that is not specifically created exclusively for the Owner in the performance of the services under this Agreement shall also remain the property of the Engineer.
G. Owner and Engineer may transmit, and shall accept, Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with a mutually agreeable protocol.

H. To the fullest extent permitted by law, Owner and Engineer (1) waive against each other, and the other’s employees, officers, directors, members, agents, insurers, partners, and consultants, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, and (2) agree that Engineer’s total liability to Owner under this Agreement shall be limited to $50,000 or the total amount of compensation received by Engineer, whichever is greater, notwithstanding applicable insurance coverage.

I. The parties acknowledge that Engineer’s Services do not include any services related to unknown or undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an unknown or undisclosed Constituent of Concern, then Engineer may, at its option and without liability for consequential or any other damages, suspend performance of Services on the portion of the Project affected thereby until such portion of the Project is no longer affected, or terminate this Agreement for cause if it is not practical to continue providing Services.

J. Owner and Engineer agree to negotiate each dispute between them in good faith during the 30 days after notice of dispute. If negotiations are unsuccessful in resolving the dispute, then the dispute shall be mediated. If mediation is unsuccessful, then the parties may exercise their rights at law.

K. This Agreement is to be governed by the law of the state in which the Project is located.

L. Engineer’s Services and Additional Services do not include: (1) serving as a “municipal advisor” for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission; (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances; (3) providing surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements; or (4) providing legal advice or representation.

M. If the Project is constructed, Owner shall require the Constructor to purchase and maintain general liability insurance and to cause Engineer and Engineer’s Consultants to be listed as additional insureds on a primary and non-contributory basis with respect to such liability insurance purchased and maintained by the Constructor for the Project.

N. If required by the Contract Documents, Engineer shall review and approve, or take other action upon, the Constructor’s submittals such as shop drawings, product data and samples, but only for the limited purposes of checking for conformance with the information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy or completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Constructor’s responsibility. The Engineer’s review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Engineer’s approval of a specific item shall not indicate approval of an assembly of which the item is a component.
O. If Engineer is required to review any submittals prior to final approval of plans by Owner or any required approval by governmental authorities, the review shall be limited to confirm general conformance with the preliminary design concept expressed by the preliminary design documents that are subject to material revisions in the process of developing the Owner-approved Contract Documents that bear the professional seal of the Engineer. The Owner understands and agrees that it is the Constructor’s obligation to assume all costs to comply with the Contract Documents even if the Contract Documents differ materially from the preliminary design concept that is the subject of the submittal. Any notes made by Engineer on the submittal shall not relieve the Constructor from its duty to ensure compliance with the Contract Documents. Design and certification of manufactured items that are not specifically designed and detailed in the Contract Documents are the responsibility of the registered professional engineer working for the Constructor. The Constructor is responsible for all dimensions, quantities, fabrication, fit, and the coordination with other trades. Dimensions shall be confirmed and correlate by the Constructor at the job site.

P. The Engineer will exercise reasonable care to incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents as those requirements are known and understood by reasonable and prudent engineers under the same or similar circumstances. Engineer’s duty to incorporate the design requirements of governmental authorities into the Construction Documents is limited to design requirements as they are known and understood by reasonable and prudent engineers at the time of preparation of the Construction Documents, but Engineer shall have no responsibility or liability for costs resulting from revised or different interpretations of the design requirements by the governmental authorities after completion of the Construction Documents or new and different design requirements that are adopted after completion of the Construction Documents.

Q. Following submission of design documents and requests for permits to governmental authorities for their review and approval as may be required, Engineer has no control over or ability to influence the governmental review process and the time required to complete the process and Engineer shall have no liability for loss, costs or damages sustained or incurred by Owner as a result of delays or extended time required for any governmental review process.

6.01 Total Agreement
