Get up close and personal with all kinds of big trucks and emergency vehicles! This unique event encourages children (and adults!) to touch vehicles, ask questions and even climb inside to get a view from the driver's seat.

For the first time, North Ridgeville Parks and Recreation is hosting a sensory friendly version of the popular event. The first hour of this event we will be sensory friendly. Climb in and check out your favorite trucks & emergency vehicles without the lights, sirens and horns! Organized for children that are sensitive and people with Autism Spectrum Disorder in mind. This way, everyone can enjoy the cool diggers, dumpers, and emergency vehicles without the upsetting lights and sounds.
