Correspondence respectfully submitted by Michael Boukzam Regarding Frontier Park.

Good morning Kevin.

Even though I was able to join your Parks & Recreation Commission meeting (via zoom) yesterday evening from 7:30 to 8 PM, it is very unfortunate that I was unable to comprehend 90% of the audio. With that being said, I look forward to reviewing the transcript when it is available online.

Since I was unable to be present at the meeting (Covid regulation), I feel it may be necessary to present this communication with the attached concept; existing property and the requested additional property. To clarify my request, here are some of the facts:

1. The currently existing 52,000+ square foot facility is CLOSED. It has NO PLANS to re-open.
2. The current design is simply too large and inefficient. It needs to be redesigned to decrease overhead as well as accommodate other sports use.
3. This year, in addition to the shut down by COVID, it suffered another flood followed by a fire which completely SHUT it down for good.
4. The property WILL NOT be renovated by its current owner Daniel Hreha; he has requested a quote to tear down this facility from my company.

With that being stated, and after many months of negotiating and communicating with Owner and the City as to HOW to reopen this facility or simply redesign and not lose the Tennis Club, these became the new issues:

1. The flood problem needs to be resolved or temporary relieved until the SWM plan is completed. The City has proved effective in addressing this already.
2. The currently unused city property directly behind the building and separated from the park by the large creek needs to be incorporated within the Tennis property. This is imperative to provide the required land for redesign of building, incorporate ADA access as well as improve parking and accessibility.
3. Without this property, unfortunately the redesign for the successful existence/operations cannot move forward and the project will most likely die.

In conclusion, I ask that you present this simple proposal to the Board: In order for the Existing Tennis facility to reopen and thrive in the City of North Ridgeville, they will need to acquire the currently unused parks property which lies directly behind the building. Without this parcel, the project will most likely die and the business will cease to exist. I ask for your support on this prior to your presentation.

Respectfully Submitted,
