PREVIOUS ACTION

Presentation to Transportation Subcommittee, Transit Council, and the Bicycle and Pedestrian Advisory Council.

BACKGROUND

- Purpose of TLCI is to improve livability in Northeast Ohio's communities
- Support the vision of NOACA's Regional Strategic Plan and Long-Range Transportation Plan
- TLCI has two components:
 - Planning Study Program (Since 2005): Assists communities to develop transportation planning studies that facilitate and promote sustainable development, multimodal transportation, and complete and green streets
 - Implementation Program (Since 2015): Provides funding assistance for communities to implement priority projects identified in TLCI or TLCI-like community developed plans

BACKGROUND TLCI Policy Objectives:

- Develop transportation projects that provide more travel options through complete streets and context sensitive solutions, increasing user safety and supporting positive public health impacts
- Promote reinvestment in underutilized or vacant/abandoned properties through development concepts supported by multimodal transportation systems
- Support economic development through placebased transportation and land use recommendations, and connect these proposals with existing assets and investments

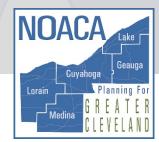

BACKGROUND TLCI Policy Objectives:

- Ensure that the benefits and burdens of growth, change and transportation projects are distributed equitably by integrating accessibility and environmental justice into projects
- Enhance regional cohesion by supporting collaboration between regional and community partners
- Provide people with safe and reliable transportation choices that enhance their quality of life
